New School Building!

Owing to the fact of the School Board's having bought the old Parkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a storeroom in Maysville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Maysville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

FLOOD VIZ SICKNESS.

Let us depart this morning from our usual talk of Drygoods to the one of Flood and Sickness. Maysville has been very lucky in getting off with little damage. Now, let us all work together and keep from getting sick. With warm weather on top of a flood of filth that has been washed down upon us from all cities above, we will have to use the utmost care to prevent an epidemic of sickness; so let us all

BEE HIVE.

DURING the recent interview at the White House between President ROOSEVELT and J. PIERPONT MORGAN, it is reported that Mr.

ROOSEVELT "talked right out in meeting" to Mr. MORGAN about the railway situation and plainly informed him that the law against all violations of the law by the railroad owners will be strictly enforced.

The President paid his respects to Mr. HARRIMAN in the presence of Mr. MORGAN as follows—

"HARRIMAN," declared Mr. ROOSEVELT, grimly. "He has no conception of what is lawful and what is unlawful. He has a lawless nature. He has no moral sense. He is a menace to this country. He is a disgrace to the institution of railways. He is a stigma upon those railway men and bankers who tolerate and condone and help him.

"HARRIMAN doesn't know how to come within the law; he has got to go.

"The Government proposes to follow him up and expose his dealings and practices against public morality and business decency until it will be impossible for him to stand up longer against the storm of public opinion that will overwhelm him."

Mr. MORGAN was completely knocked off his pins and made many promises to the President for the railways.

The President was informed that the bank-

ers and railroad interests that had undertaken to wrest control of HARRIMAN's railroads would be compelled to smash the market for Harriman securities.

The new fast Pennsylvania train between New York and Chicago takes on no passengers between Pittsburgh and Chicago. All of which is lucky for the passengers who don't get aboard between the two points mentioned.

It is said that Mrs. NICHOLAS LONGWORTH is soon to astonish Washington society by appearing in a complete suit of "Alice Blue," including shoes, hat and gloves. Like her distinguished father, she marks out a path for herself.

The Japs are pretty good customers of Uncle Sam, as the following dispatch from Pittsburgh will show—

"The Japanese Government has officially closed an order with the Steel Corporation for 100,000 tons of steel rail, with the American Locomotive Company for 183 engines and with other concerns for 40,000 freight and gondola cars. The total amount of the contract is \$15,000,000."

The Thaw case has furnished some remarkable characters, of whom the most hideous is certainly Mrs. HOLMAN, the infamous mother of EVELYN NESBIT THAW, who furnished the inside information which guided JEROME when he made the daughter walk over red-hot plowshares to save her husband from the electric chair. History does not tell of a more unnatural mother than this woman, who sold her daughter to a debaucher and now prompts a District Attorney what to ask in order to entrap the daughter in the hour of her supreme trial.—Lexington Leader.

A Food Medicine

Chenoweth's Beef, Iron and Wine is more a food than a medicine, but it is food of an unusual kind.

It is food in the most easily assimilated form—all ready to slip into the blood and give you strength without taxing digestion. It does you good just as food does, but quicker, and if your stomach is weak it does you good just the same.

It's also a prompt, pleasant and effective tonic. New energy felt after the first few doses.

STRUCK OIL

Mason County An Eldorado of the Earth's Richest Product

Mr. Stephen Harrison of the county was in the city yesterday with a wagon load of drilling tools. He says that in boring a well he struck gas and oil in paying quantities on his farm in the Lewisburg Precinct.

Mr. Harrison is very much elated over his rich possessions and is confident that his find will develop into a gold mine for him. Should it pan out in proportion to his glowing description, he has certainly struck it rich.

Oil men will be here, when they hear of it, as thick as bees around a molasses barrel. THE LEDGER hopes that the gentleman's fondest dreams may be realized, and that Mason county may develop into a real oil center.

Some News About Baseball.

An article under the head "Baseball in Vienna" in a newspaper of that city will be read with much interest by persons in this country who know something about the national game. "The game has become so popular," says the writer, "that it will soon be a rival of lawn tennis. Mothers who object to their daughters taking part in the violent exercise which tennis demands will have no objection to the new game on that account. Baseball was originally, like cricket, a man's game, but in the 80's an Englishman named Hill changed it so that women might play. Then it became popular in America, where amusements are always arranged so that women may take part in them. Since then baseball has become almost the national game there."

Compensation for Small Men.

There are, indeed, many compensations which fall to the lot of one who is short of stature. When talking of his fat to a lady he does not have to reach up half so far as his more portly fellow; if a chair is dropped on the carpet by a careless friend he is certain to find it sooner than anyone else; when he has mislaid his hat he can always enter the house via the slit in the letter box; diseases such as "smoker's throat" and "housemaid's knee" which assail other victims singly can attack him in combination and affect only one portion of his anatomy, thereby enabling him to get over two illnesses in the time that other people devote to a recovery from but one.

First Use of Black Lead.

"It is difficult," says a writer, "to determine the exact period in which 'black lead' was first utilized as an instrument for writing or drawing, as it has been confused with other mineral bodies. The ancients used lead, but the metal was formed into flat plates, and the edges of these plates were used to make the mark. If an enormous design was desired the transcriber drew parallel lines and traced illuminated designs, usually with a hard point, but also with soft lead. This lead was known to the ancients is also proved by the fact that it is mentioned in the book of Job."

Objectionable in Either Case.

Grace—Why did she break the engagement?
Myrtle—He told her that she was the only girl he had ever kissed.
Grace—What of it?
Myrtle—Why, she naturally reasoned that he was either untruthful or absurdly foolish, and he was hardly worth having in either case.

UNIQUE SUIT

Test Case Filed in the Montgomery Circuit Court

Attorneys Earl W. Senff and John A. Judy of Mt. Sterling have filed a unique suit in the Montgomery Circuit Court against the city of Mt. Sterling. The suit is a test case and is filed in the name of Almanza Byrd, who has been fined in the Police Court of Mt. Sterling thirty times in the past five years.

The various cities in the state have for years been adding \$3 costs to every fine entered, allowing \$2 attorneys fees and \$1 for the arresting officer. These fines have been administered under an ordinance passed by the various City Councils.

Under a recent decision of the Court of Appeals the ordinance was held illegal and only 50 cents could be allowed for the arresting officer, hence every man fined in the past five years has been taxed \$2.50 illegally, and the suit is filed for Byrd to recover.

If the contention of Messrs. Senff and Judy is upheld they will at once institute suits to the number of 500 to recover claims, which will mean over \$2,000 which the city will have to surrender.

The outcome of the test case will be watched with intense interest by attorneys throughout the state, as it is the first one of its kind ever filed in Kentucky.

Two Greenup county boys, Frank and Willie Rhoden, aged 12 and 15 years, respectively, went to Lexington Tuesday expecting to see their father, who had been an inmate of the Eastern Kentucky Lunatic Asylum, having been sent from Euclid, Greenup county, in January, 1905. They found at the Asylum that their father had escaped from the institution nearly two years ago, and that all trace of him had been lost by the officials.

"THE VOLUNTEER ORGANIST."

Patrons of The Washington have a bona-fide treat in store for them Tuesday, March 26th, on which date the new production, "The Volunteer Organist" will be seen. It is a pastoral play of an extremely impressive sort, portraying true to nature scenes and characters found in the most picturesque of Vermont's rural section. The scenic and electrical effects are, to say the least, startling and intensely realistic, while the cast includes many capable and well known actors and actresses. The play has, as one of its central characters, a young Minister, and the story told is one which appeals very forcibly to the better class of theater-goers.

Hundreds of Maysville Readers Know What It Means

The kidneys are overtaken; Have too much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Maysville citizen tells here a certain cure.

Mrs. Lizzie Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says;

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills I was troubled with severe spells of backache and kidney complaint which came on every few months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills never failed to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the results have always been satisfactory.

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
